

Introduction:

This Schools' Risk Assessment document is designed to allow you to review and track your individual readiness to reopen your setting in line with COVID-19 requirements. It has been revised in line with DfE guidance published on 2 July 2020. It is split into the following sections (one per tab):

- | | |
|--|---|
| <ul style="list-style-type: none"> • Social distancing practicalities • Quality of education • Safeguarding • Pupils with SEND (including medical needs) • Emotional and behaviour considerations • Hygiene and cleanliness/health and safety • Possible COVID-19 cases | <ul style="list-style-type: none"> • Transition • Finance • Building work and logistics • Recruitment and staffing • Miscellaneous • Additional (left blank for you to fill in) |
|--|---|

Within each section some initial risks and some possible actions that could be taken to control or mitigate the risks have been pre-populated for you. However these are only initial suggestions and it is vital that you tailor this risk assessment by amending / adding to these as required to ensure you have captured all relevant risk information specific to your setting.

Please note that the mitigating actions must show how you plan to reduce the risk of the COVID infection being passed on through school. It is not possible to eliminate risk, only reduce it.

When you have identified all your risks you will need to populate current and future (following mitigating actions) risk scores from 1 - 5 for each risk.

You will score both the likelihood / prevalence and potential severity of the risk occurring.

These two scores combined will then give you a high-level overall risk categorisation of LOW, MEDIUM or HIGH. This is worked out as follows:

OVERALL RISK CATEGORISATION

		Likelihood / Prevalence				
		Very low	Low	Medium	High	Very high
SEVERITY	Very low	LOW	LOW	LOW	LOW	LOW
	Low	LOW	LOW	LOW	MEDIUM	MEDIUM
	Medium	LOW	MEDIUM	MEDIUM	MEDIUM	HIGH
	High	LOW	MEDIUM	MEDIUM	HIGH	HIGH
	Very high	MEDIUM	MEDIUM	HIGH	HIGH	HIGH

Additionally, please also bear in mind when filling this document out:

- There are some formulas / calculations on each tab. To ensure these work correctly please do not delete any data in columns I & M. Also, do not insert any rows as these will not have the formulas in them
- Note that several blank lines are provided at the bottom of the table for you to add in additional risks
- Please ensure all information is entered within the main table. Do not enter any information on a tab below the end of the table (denoted with a black row)
- If you do find you need to add additional rows copy and insert them from existing rows in the table - that way the formulas will be copied as well

The sections of the Risk Assessment are as follows:

SCHOOLS AND SETTINGS - Reset and Recovery Risk Assessment

1 - Social Distancing Practicalities Note it is considered to be more challenging to ensure EY children comply with guidance in this section
