

## Reception Homework Ideas - Space

Our topic for this half term is 'Space.' During this topic we will listen to stories and watch video clips about what it is like in space. As part of our art and design work, we will be making our own representations of a famous painting and enjoying a junk modelling session making a space vehicle.

Below is a menu of different homework ideas that we think you will enjoy, please choose as many activities as you would like to complete. If you have any other ideas linked to the topic, then we would love to see them.

This is a lovely opportunity to share and discuss your child's learning and work in partnership with them to create and work together. Be as creative as you want to be, we can't wait to see your fantastic home learning!

- Draw or make a planet
- Find out facts about an astronaut
- Paint or create an alien
- Go stargazing in your back garden - talk about what you can see. Can you count the stars? Can you find the moon?
- Make an alien mask
- Use materials e.g. scrap paper, foil, sweet wrappers to create your own space collage
- Make a space mobile to hang in the classroom
- Share some books about space - fiction and non-fiction
