Headteacher Mrs J Forshew

Learning Together to be the best we can.

Dear parents/carers,

As part of our remote learning provision we are introducing the use of Purple Mash access at home.

Some of you may have heard about your children interacting with Purple Mash at school and now we are offering them access at home. Purple Mash is an online tool which provides a range of learning activities, games and curriculum resources for your child to engage with. Your children can have a go at different games and activities when they like to support their knowledge and learning. If children have to self-isolate due to COVID 19 teachers can set work/activities for children to engage with that match with in school learning. Children are to complete the activities on Purple Mash and the teachers can assess, mark and feedback on your child's learning.

Each child has been given a username and password in their home reading book or home learning folder, it is printed on a small blue computer like the image.

Below is a link to a video to show you and your child how to log on at home. The video is available on our website in our 'Learning/Home Learning' area.

<https://www.nathanielnewton.co.uk/page/?title=Learning%2FHome+Learning&pid=9&action=saved>

The office also have a copy of children's log in's so if you misplace this you can call during school access to regain access.

Thank you for your continued support,

Miss Ford
KS1 Lead and Computing Co-ordinator
